

A scientific roadmap for HES compliance in organisations

	Human Development	Earth Sustainability	Sustainable Development
Human Development	Mathematics	Accounting	Psychology
Earth Sustainability	Physics	Management	Communication
Sustainable Development	Chemistry	Computer Science	Cognitive Science

Step 1: Checking the Human Development Dimension for HES compliance

Human Development Element	Mathematics
Security	Ordinal Mathematics
Identity	Cryptography
Meditation	Game Theory
Purity	Set Theory
Language	Calculus
Education	Mathematical Logic
Relationships	Graph Theory

Earth Sustainability Element	Physics
Science	Space-Time
Inclusiveness	Astronomy
Maturity	Atomic Theory
Peace	Energy
Logic	Multiverse
Environment	Complexity
Responsibility	Ontology

Sustainable Development Element	Chemistry
Sustainability	Matter
Integrity	Mole
Meaningful	Phase
Privacy	Bonding
Learning	Reaction
Ethics	Acid-Base Theory
Remedy	Equilibrium

Step 2: Checking the Earth Sustainability Dimension for HES compliance

Human Development Element	Accounting
Security	Financial Accounting
Identity	Management Accounting
Meditation	Intercompany Accounting
Purity	Auditing
Language	Information Systems
Education	Tax Accounting
Relationships	Forensic Accounting

Earth Sustainability Element	Management
Science	Strategic Management
Inclusiveness	Operations Management
Maturity	Marketing Management
Peace	Management Information Systems
Logic	Management Cybernetics
Environment	Human Resource Management
Responsibility	Financial Management

Step 3: Checking the Sustainable Development dimension for HES compliance

Human Development Element	Psychology
Security	Perception
Identity	Cognition
Meditation	Attention
Purity	Intelligence
Language	Subjective Experiences
Education	Motivation
Relationships	Brain Functioning
